Overhead Workseat

 **WORKSEATS**<sup>®</sup> Technology

The Milagon Brio series has expanded to now include the WS1220ER Overhead Workseat. The WS1220ER was developed to specifically address work areas underneath aircraft, automotive and other low clearance equipment, where the operator needs to be reclined and facing in an upward position. The Brio Overhead Workseat provides ergonomic support to the head, back and seat by using the same components from our dynamic Brio chairs and also includes a fully adjustable head support.

- Cushioned Polyurethane Seat and Backrest
- Mounted on a Heavy Duty Welded Steel Base with 4 Self Braking Casters
- Degree of Head Rest Incline 15°
- Caddy dimensions are 27 1/2" x 17 1/2" x 4 1/4"
